REGULATIONS PASSED AT A MEETING OF THE ASIATIC SOCIETY, ON THE NINETEENTH AUGUST 1796, CALLED FOR THE SPECIAL PURPOSE OF CONSIDERING THE BEST MEANS OF RENDERING THE INSTITUTION PERMANENT, AND FOR DETERMINING WHETHER A HOUSE SHOULD BE PROVIDED FOR THE FUTURE MEETINGS OF THE SOCIETY.

1st.—That application be made to His Majesty, for a Charter of Incorporation for this Society:

2d.—That a House be provided for the use of the Society.

3d.—That a Committee be appointed to consider the best mode of carrying into execution the objects of the two foregoing Resolutions, and to report their opinion at the next Meeting of the Society.

4th.—That the Committee be requested to consider any Rules and Regulations for advancing and promoting the objects of the Institution of the Society, for their determination at a future meeting.

29th September, 1796.

AT A MEETING OF THE ASIATIC SOCIETY, READ THE PROCEEDINGS OF THE COMMITTEE ELECTED ON THE NINETEENTH AUGUST, CONTAINING THE FOLLOWING PROPOSITIONS,

1st.—That the intended application to His Majesty to obtain a Charter of Incorporation for the Society be made through the Governor General and the Court of Directors.

2d.—That the best mode of carrying into execution the second Resolution of the Society on the 19th August, be by building a commodious House, as soon as the Funds requisite shall be provided.

3d.—That in order gradually to establish Funds for that purpose, and for defraying the necessary current expences of the Society, an admission Fee be established, and that, as none of the present Members of the Society have hitherto paid any fees, those resident in India contribute Two Gold Mohurs each in lieu thereof.

4th.—That a like sum of Two Gold Mohurs be paid in future by every new Member, as an admission fee on his election.

(24)
ASIATIC SOCIETY—*Continued.*

5th.—That every Member of the Society resident in India (honorary Members excepted,) pay Four Gold Mohurs per Annum, quarterly, in the first week of January, April, July and October; and any Member neglecting to pay his Subscription for half a year after it becomes due, be considered as no longer belonging to the Society.

6th.—That as admission fees and quarterly contributions would not, under a long course of time, afford funds sufficient to build a House, a subscription for voluntary contributions be opened, and application made to Government for a convenient spot of Ground as a site for the proposed Building.

7th.—That a Treasurer be elected.

8th.—That as frequent Meetings would tend to promote the general objects of the Society, Weekly Meetings be established as soon as the Building intended for the purpose shall be finished, and that in the mean time a Meeting of the Society be held at least once in a Month.

9th.—That as it may not always be convenient for the President to attend on such occasions, it is advisable to elect 1st and 2d Vice Presidents annually.

10th.—That the Society appoint a Committee of Papers, consisting of the President, Vice Presidents, and Secretary for the time being, together with five other Members to be elected annually, and that this Committee shall select the Papers for publication, and superintend the printing of the Transactions of the Society.

11th.—That the Society make it publicly known, that it is their intention to establish a Museum and Library, and that donations of Books, Manuscripts, and Curiosities will be thankfully received and acknowledged.

The foregoing propositions were unanimously carried in the affirmative by ballot; and the following Elections took place in consequence.

THE COMPANY'S ORDERS
RESPECTING THE
C O V E N A N T S,
TO BE EXECUTED BY
Free Merchants, Free Mariners,
AND OTHER
PERSONS RESIDING IN INDIA.

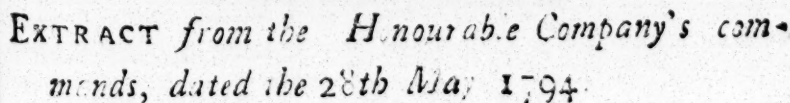

EXTRACT from the Honorable Company's com-
mands, dated the 11th of Decem'ber 1793.

PAR. 66 **T**HE situation of our Servants in India, and of Per-
sons residing there under the Company's Li-
cense being very much altered by the Act of the 33d of his pre-
sent Majesty, Chap. 52, it is become necessary to vary their
Covenants entered into with us, and make them correspond with
the provisions of that Act. We have therefore caused all the
Covenants heretofore entered into by our Servants and others to
be altered, and now send you a sufficient number of each sort to
be executed by all Persons resident under your Presidency, we
direct that every Person in our service be called upon immedi-
ately to execute the Covenants proper to his Station, and that on
his refusing to do so, he be dismissed and have notice to come
home. We also direct that all other British Subjects residing
under your Presidency, whether with or without License, be

PAR. 8th.—“ We shall at all times be ready to give Licenses to such a number of proper Persons as go to India as may be necessary for effectuating the purposes of the Act, they entering into the usual Covenants for their conduct, but we will not allow any one to proceed to, or reside in India, without our License, and therefore if any person hereafter shall presume to go to India and appear within your jurisdiction without our License, we require you forthwith to deal with him as an unlicensed Trader, and send him home before he can make such an Establishment in business as may be an excuse for time being allowed to him to prepare for his return.

PAR. 10th — " You will be careful to have the Covenants you send home witnessed by a Person whose hand writing is well known and can easily be proved in England, by Persons who have seen him write, that we may be under no difficulty of proving them in England, in such proof upon any occasion should become necessary."

PAR. 2d.—66 IN our letter of the 11th December last, we informed you that it was our intention to send in consequence of the late Act of Parliament, a

THE COMPANY'S ORDERS &c.—*Continued.*

Sufficient number of Covenants to be executed by our Servants and all Europeans Resident under your Presidency, we have since determined with respect to those in the Company's Service, as we can more readily have access to their Securities than you can, to call on those Securities in England immediately, and on such Security being given, we shall transmit a Counterpart of each Covenant with the Company's Seal affixed thereto, which Counterpart you must deliver to the parties concerned on their executing the Covenants in Duplicate, conformable to the mode pointed out in the 9th and 10th Paragraphs of our beforementioned Letter, we have thought it expedient that the new Covenants which our Servants and others are to enter into in consequence of the late Act of Parliament should be dated on the day on which the act is directed to take place in India, namely the first day of February 1794. By the Ship Sir Edward Hughes you will receive such a number of Covenants as on a Calculate we deem adequate.

PAR. 3d.—“ With regard to persons who reside under your Presidency and have not entered into Covenants of any description, we have by the above conveyance sent a number of Covenants of the denomination of Covenants of “ *Free Merchants*,” “ *Free Mariners*,” and of “ *Persons permitted to reside in India*,” these are calculated to suit all persons who are to reside under the Company's protection, and you will take care that each person execute one of these descriptions in the mode already pointed out. Each person executing a Free Merchant's Covenant must send home the names of two responsible persons in England, to enter into Security in the sum of £.2,000, and each person signing either of the other two descriptions of Covenants must in like manner give Security for the sum of five hundred pounds; and on such Security being given, we shall transmit you the Counterparts to be disposed of as mentioned in the preceding Paragraph.

PAR. 4th.—“ No difficulty can arise among those persons who are respectable in their situations or connections, but in cases where the individual has not respectable Friends in England as we suppose some of the inferior description of Shopkeepers may not have, we authorize you to accept of Security from persons resident in India, in which case you will give them a Counterpart under the Company's Seal.

THE COMPANY'S ORDERS &c.—*Continued.*

PAR. 5th.—“ We have likewise sent a sufficient number of Covenants to be executed by the Military Officers on your Establishment and as it has not been usual that Security should be given for their performance of the Covenants, you will deliver to each a Counterpart under the Company's Seal on their executing in Duplicate as before mentioned.”

the Governor in Council.*
